

LED_{12V(DC)}

LED-BACKLIGHT

für Werbeanlagen [for AD-arrangements]

Modul-Kette, vergossen, IP65 für Aussenbeschriftungen. Lieferbare Farben: weiß, blau, rot, grün

[Module-light string, sealed, IP65 for outdoor captions. Available colours: white, blue, red, green]

Vorteile:

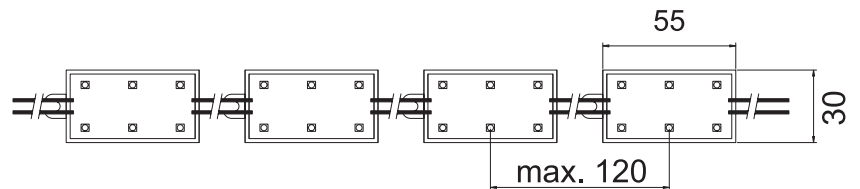

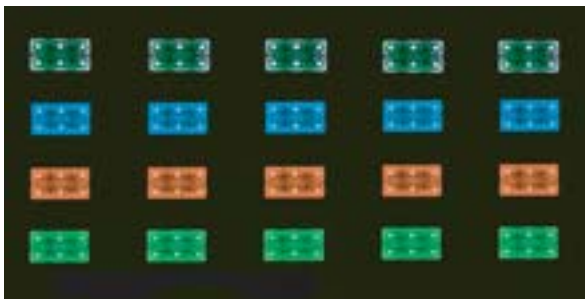

- geringer Stromverbrauch
- hohe Lebensdauer
- universell kürzbar (nach jedem Einzelmodul)
- minimaler Wartungsaufwand

Advantages:

- low wattage (0,5W/Modul)
- long life
- can be cut to universal length (behind every single module)
- less maintenance effort

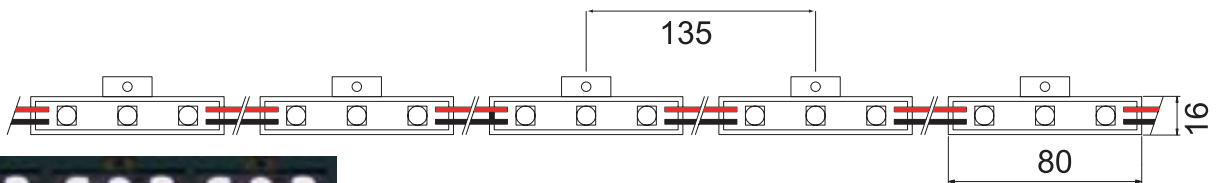

IP65

21x6 SMD-Dioden(0,5W/Modul)

| | |
|---------------|-------------------|
